1. GENERAL INFORMATIONS

1.1 THANKS FOR CHOOSING THE MEDICAL DEVICE

ORMESA s.r.l. thanks you for your confidence in choosing **GRILLO Adaptive Seating**, a medical device designed and manufactured by ORMESA Srl, an **ISO 13485** certified company.

GRILLO Adaptive Seating is a compact high chair for children and young people designed to be used in the performance of school, daily and play activities.

ORMESA s.r.l. recommends that you read this manual very carefully and thoroughly understand its contents. It will help you familiarize yourself earlier and more effectively with **GRILLO Adaptive Seating**, but not only that, because you will find several practical tips on how to use it in the best and safest way and how to keep it in perfect working order at all times..

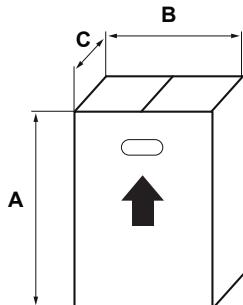

1.2 CONTACT DETAILS FOR ASSISTANCE

If, after reading it, you still have questions, contact your retailer, who will be happy to help you, or call **INNOVATION IN MOTION** directly at 1.260.665.2769, send a fax to 1.260.665.3047 or send an e-mail to iim@mobility-usa.com.

2.3 WARRANTY CONDITIONS

ORMESA and INNOVATION IN MOTION warrant the product for 2 years: in case of problems, contact the supplier (health professional) where you purchased it. Always ask for original spare parts, otherwise the guarantee will decline.

ORMESA s.r.l. will not be liable for damage in the following cases:

- *use by an unsuitable person;*
- *incorrect assembly of parts or accessories;*
- *unauthorized modifications or service;*
- *use of other than original replacement parts and parts subject to wear (upholstery, wheels, etc);*
- *improper use (such as, transporting objects or loads larger or heavier than those ones shown in this use and maintenance handbook);*
- *damage caused by incorrect use and lack of regular maintenance, as shown in this user manual;*
- *exceptional events;*
- *failure to follow the instructions in this manual.*

THE WARRANTY DOES NOT COVER WEAR PARTS, which are subject to wear and tear, such as the upholsteries and the wheels.

3. SAFETY WARNINGS

3.1 MEDICAL DEVICE RISK CLASS ACCORDING TO ANNEX VIII OF REGULATION (EU) 745/2017

GRILLO Adaptive seating belongs to Risk Class I (Non-Invasive Device)

3.2 GENERAL WARNINGS

- **CAREFULLY READ AND UNDERSTAND THE INSTRUCTIONS IN THIS MANUAL BEFORE USING THE PRODUCT** because it has been written with the user's safety in mind and it will help the carer use the product safely and keep it in good working order. The Use and Maintenance Manual is an integral part of the product and must be carefully preserved for future reference.
- **THE USE AND MAINTENANCE HANDBOOK IS INTENDED FOR ALL USERS THE DEVICE: HEALTH PROFESSIONALS, CARERS (CARE GIVERS) PATIENTS;** It provides instructions for the correct use of the medical device.
- The manual reflects the technical state of the product at the time it was sold. **ORMESA S.R.L. RESERVES THE RIGHT TO MAKE ANY CHANGES TO THE PRODUCT OR MANUAL** suggested by experience, technical considerations or regulatory developments.
- **THE MEDICAL DEVICE MUST BE USED BY PEOPLE WHOSE BODY SIZE AND WEIGHT COMPLY WITH THE SPECIFICATIONS** in the § « MECHANICAL AND DIMENSIONAL CHARACTERISTICS », on pag. 6.
- **GRILLO ADAPTIVE SEATING is a MECHANICAL MEDICAL DEVICE:**

THE USER has to perform REGULAR MAINTENANCE and CLEANING following the instructions shown in the "Maintenance" chapter on page 58-59-60-61-62-63 and HAVE THE PRODUCT INSPECTED AT THE INTERVALS INDICATED to VERIFY that it is WORKING PROPERLY and in GOOD CONDITION, otherwise warranty will fail and CE marking will lapse.

PRODUCT REPAIRS other than the regular maintenance shown on page 58-59-60-61-62-63 of the manual must be ONLY MADE by a SPECIALIZED SERVICE CENTER in the maintenance of mechanical aids for disableds, otherwise warranty will fail and CE marking will lapse.

Any CHANGES in the product ARE NOT AUTHORIZED, otherwise warranty and CE marking will be voided

In case of DOUBT about the SAFETY of the product or DAMAGE to parts or components, you are urged to IMMEDIATELY DISCONTINUE USE and CONTACT the HEALTH PROFESSIONAL WHO SUPPLIED IT, or directly ORMESA.

3.3 SPECIFIC WARNINGS

- GRILLO ADAPTIVE SEATING and its POSSIBLE ADDITIONAL COMPONENTS must be PRESCRIBED BY A SPECIALIST DOCTOR who also checks its use, and must be configured and adjusted for the user by a health professional authorized by the National Health System.
- GRILLO ADAPTIVE SEATING is a mechanical medical device. It must be delivered to the user by a health care professional who is responsible for explaining its functionality, the warnings and maintenance contained in this manual, performing the assembly/adjustment of components, and providing aftercare on the product.
- BEFORE USING IT, always check the brake efficiency and the wheel wear.
- BEFORE MAKING ANY ADJUSTMENT and IN THE EVENT OF A STOP, even on level ground, ALWAYS LOCK THE BRAKES.
- AFTER MAKING ANY ADJUSTMENT, make sure the adjustable elements are locked.
- With the external headrest 863 do not raise the backrest beyond the red line (see pages 31-32)

3.4 REASONABLY FORESEEABLE MISUSE

- DO NOT USE THE MEDICAL DEVICE WITH SUBJECTS WITH DIMENSIONS GREATER THAN those indicated on pag. 6.
- NEVER LEAVE THE USER ALONE in the medical device.
- DO NOT USE THE MEDICAL DEVICE outdoor unless it is a flat, paved and weather-protected surface.
- DO NOT USE THE MEDICAL DEVICE ON ACCIDENTED GROUND NEAR STRONG SLOPES OR STAIRS.
- DO NOT PLACE THE MEDICAL DEVICE IN PARK ON SLOPING GROUND.
- DO NOT USE THE STROLLER TO CLIMB OR DESCEND STAIRS: its structure was not designed for this purpose.

- DO NOT LIFT THE MEDICAL DEVICE WHEN IT IS IN USE WITH THE SUBJECT.
- DO NOT LIFT THE MEDICAL DEVICE BY THE FRAME, LEGRESTS, FOOTRESTS.
- DO NOT ATTACH WEIGHTS TO THE HANDLE so as not to put at risk its stability during use.
- DO NOT ALLOW OTHER CHILDREN TO USE THE MEDICAL DEVICE, EVEN FOR PLAY
- DO NOT PLACE EXCESSIVELY HOT LIQUID CONTAINERS OR OBJECTS ON THE TRAY SURFACE(additional component 824) THAT COULD CAUSE DAMAGE OR BURNS IF OVERTURNED.
- DO NOT ALLOW ANYONE TO STAND ON THE FOOTREST OR STANDING BEHIND the GRILLO Adaptive Seating
- DO NOT USE THE MEDICAL DEVICE IF THERE ARE DAMAGED OR MISSING PARTS.

3.5 CONTRAINDICATIONS AND SIDE EFFECTS

GRILLO Adaptive Seating generalmente non è indicato per soggetti con deformità muscolo scheletriche strutturate gravi, che necessitino di unità posturali.

3.6 OPERATING ENVIRONMENTAL CONDITIONS

- THE MEDICAL DEVICE IS NOT DESIGNED FOR USE IN OUTDOOR ENVIRONMENTS, unless it is a flat, paved and weather-protected surface.
- NEVER LEAVE THE STROLLER PARKED FOR A LONG TIME UNDER DIRECT SUNLIGHT OR NEAR SOURCES OF HEAT: this will avoid overheating the device and discolouring the upholstery.

3.7 CONDITIONS OF TRANSPORT AND PACKAGING

- THE MEDICAL DEVICE MUST BE STORED AND PACKED using the Ormesa original packaging materials, unless the guaranteed will be voided.
- Once unpacked, TRANSPORT must be done by ADEQUATELY ANCHORING IT to the vehicle.
- When travelling by plane, or in the car, DO NOT SUBJECT THE FOLDED FRAME TO LOADS THAT, especially with road bumps, COULD DAMAGE ITS STRUCTURE .
- THE MEDICAL DEVICE MUST BE PARKED/STORES IN CLOSED AND DRY PLACES.
- THE OPERATING ENVIRONMENT HAS NO PARTICULAR INFLUENCE ON THE PRODUCT UNLESS IT IS USED INCORRECTLY, SUCH AS BY LEAVING IT PARKED FOR A LONG TIME IN DIRECT SUNLIGHT OR EXPOSED TO BAD WEATHER SUCH AS RAIN, OR IN MARINE ENVIRONMENTS, WHERE THE SALT AIR COULD CORRODE THE PAINT AND SLIDING PARTS. IN THIS CASE, WE RECOMMEND CAREFULLY CLEANING AND DRYING THE FRAME FOLLOWING THE INSTRUCTIONS SHOWN IN THE "MAINTENANCE, CLEANING AND DISINFECTION" CHAPTER ON PAGES 58-59-60-61-62-63 AND THE WARNINGS  ON PAGE 60.

3.8 PRE-INSTALLATION/INSTALLATION AND COMMISSIONING

GRILLO ADAPTIVE SEATING does not require installation.

For commissioning (including the possible insertion of postural components) it **requires configuration and adjustment exclusively by a health professional licensed** by the National Health System.

4. DEVICE DESCRIPTION

4.1 INTENDED USE OF THE MEDICAL DEVICE

GRILLO ADAPTIVE SEATING is an adjustable configuration high chair intended for children and young people with disabilities who require special supports, braces and adjustments in carrying out daily, educational and play activities, easily adaptable due to its modularity.

Enables the positioning of the person with disabilities of varying complexity in the most appropriate and functional posture for the different contexts of daily life.

Indicated for users who have little or no trunk and head control and who require adequate stabilization at the pelvic level in order to assume, in situations where residual function permits, the most appropriate posture in different contexts.

4.2 MAINS COMPONENTS/AVAILABLE VERSIONS

GRILLO ADAPTIVE SEATING is available in three sizes and different configurations depending on the components chosen by the health care professional.

For a list of components, their assembly/adjustment by a health professional, and functionality, see § 5.3 on page 16.

4.3 DESCRIPTION OF THE MEDICAL DEVICE

Grillo Adaptive Seating is a compact adjustable configuration seating system that is ideal for use in many contexts, such as performing daily activities at school, at home, and during leisure time.

The seat is made with fire retardant, comfortable and breathable load-bearing upholstery. Upholstered with removable padded upholstery, which allows optimal weight distribution. Sanitizing and drying is quick and easy.

Postural options (trunk side supports, vest, belts) allow for stability of the pelvis, lower limbs, trunk, and head, and for different positions through backrest recline, tilt in space, and footplate elevation.

GRILLO ADAPTIVE SEATING, thanks to its patented height adjustment system, can be operated with the child seated. Equipped with four swivel casters, it allows it to be pulled next to countertops and all surfaces with ease

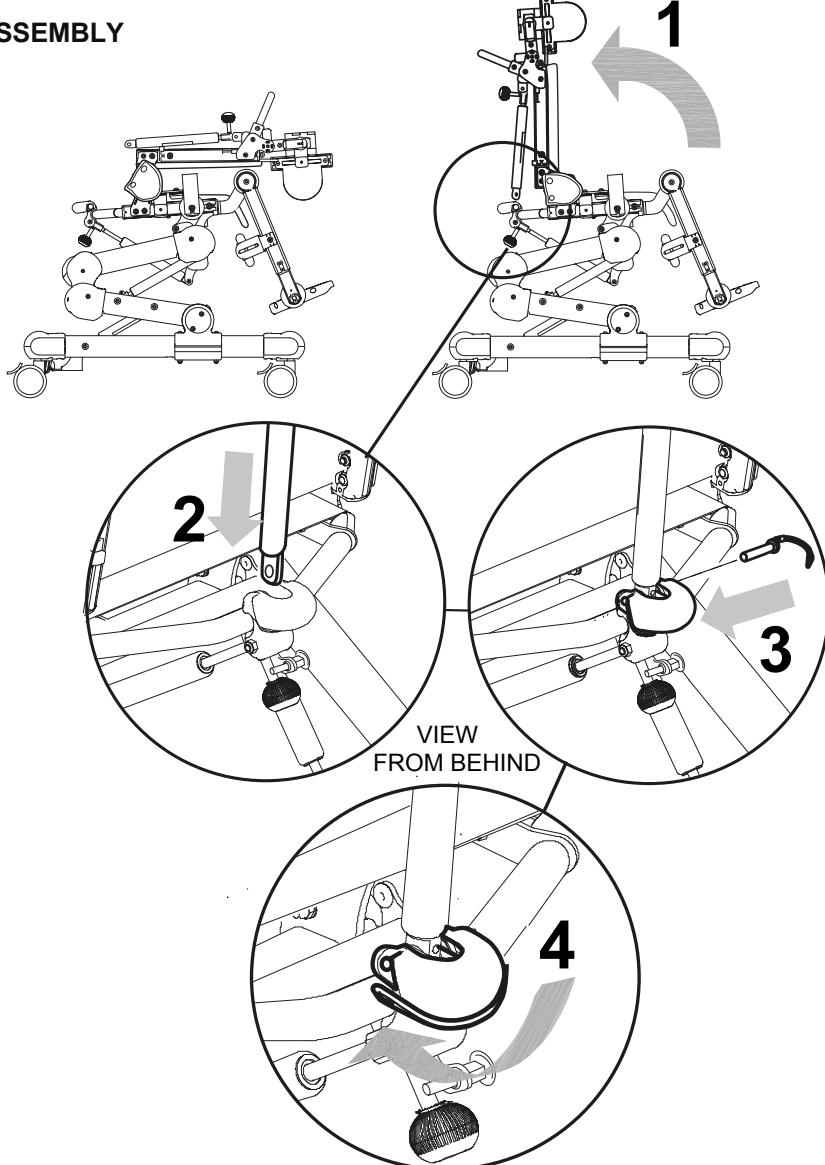

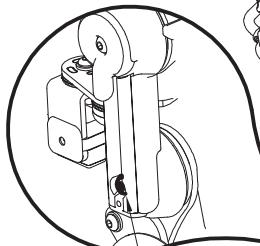

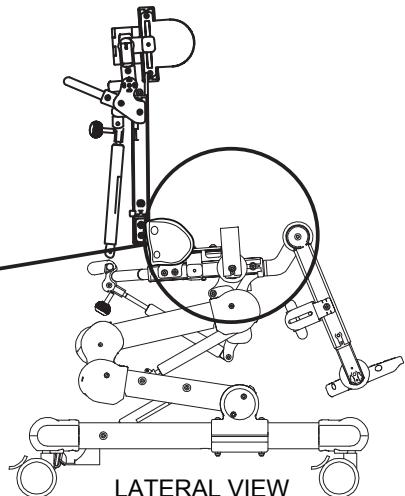

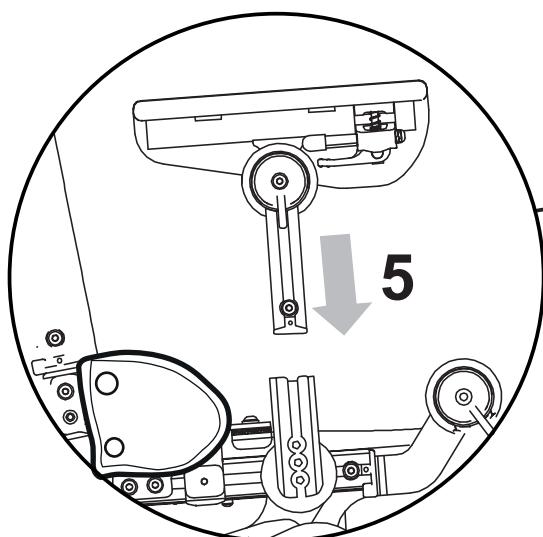

5. OPERATING INSTRUCTIONS

5.1 FIRST USE

The medical device **MUST BE CONFIGURED AND REGULATED BY A HEALTHCARE PROFESSIONAL**, who must also provide the family with explanations on proper use, warnings, and maintenance, in accordance with this manual (§ 5.3 and 5.4)

5.2 ASSEMBLY

5.3 ADJUSTMENT AND CONFIGURATION OF THE MEDICAL DEVICE by the health professional

BRAKING

! BEWARE!
BEFORE PLACING OR REMOVING THE
CHILD FROM GRILLO AS AND BEFORE
ANY ADJUSTMENT, IT IS NECESSARY TO
BRAKE THE AID.

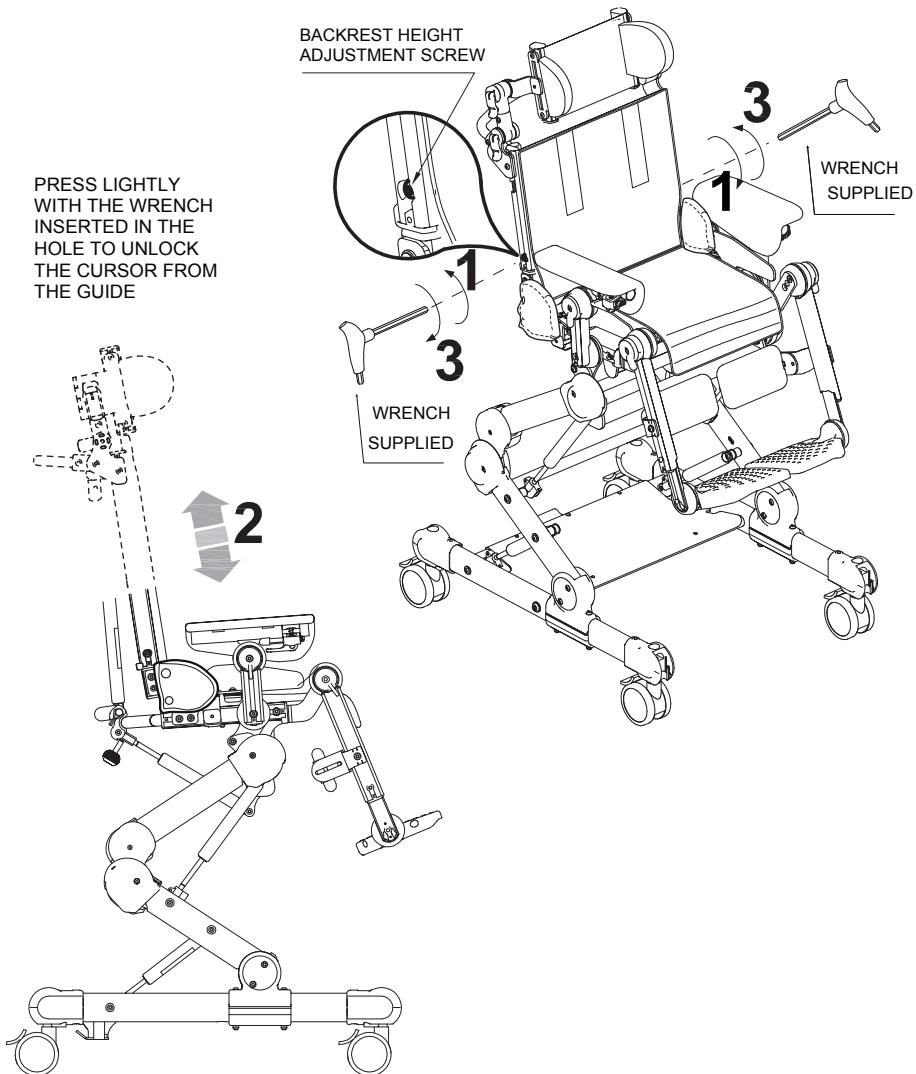

BACKREST HEIGHT ADJUSTMENT

(video on the product page of the website www.ormesa.com)

- 1) LOOSEN THE SIDE SCREWS INDICATED
- 2) ADJUST THE HEIGHT OF THE BACKREST TO THE DESIRED POSITION
- 3) TIGHTEN THE SCREWS

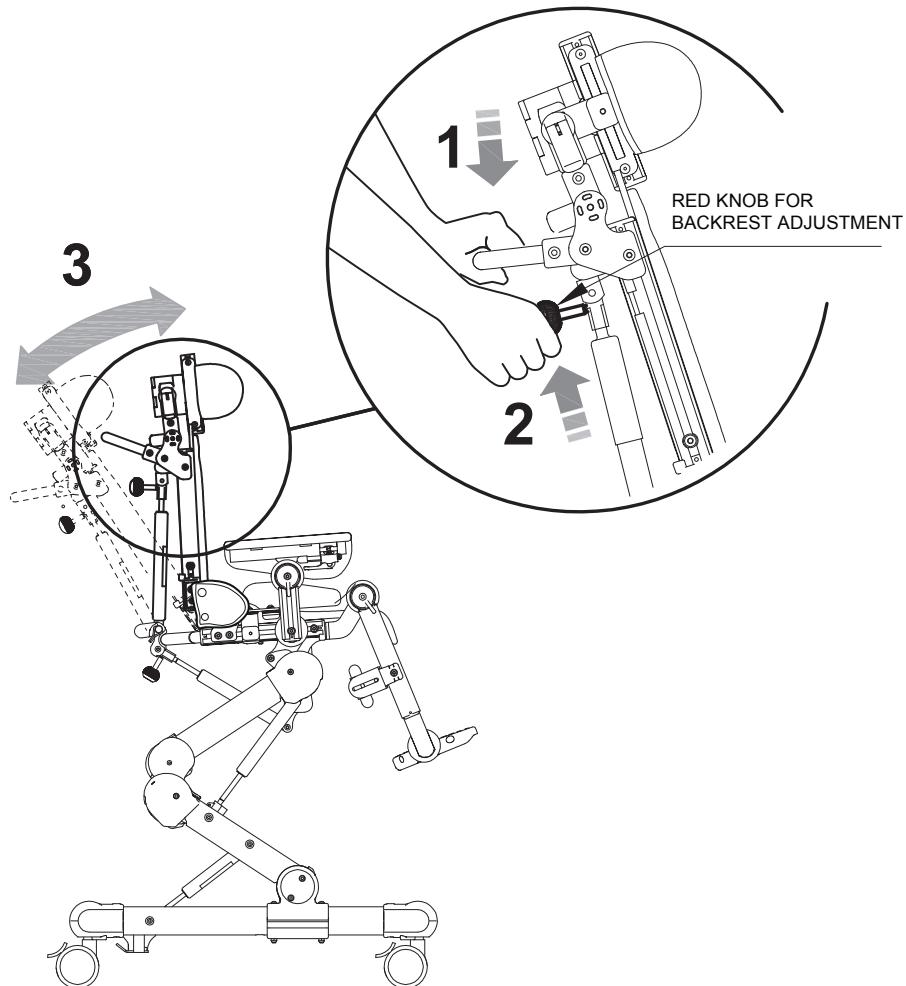

BACKREST INCLINATION ADJUSTMENT

(video on the product page of the website www.ormesa.com)

- 1) PLACE YOUR HAND ON THE HANDLE
- 2) WITH THE OTHER HAND LOWER THE RED KNOB TO ADJUST THE INCLINATION OF THE BACKREST
- 3) TILT THE BACKREST HOLDING DOWN THE KNOB (2) AND LEAVE IT WHEN THE BACKREST HAS REACHED THE DESIRED POSITION. AVOID BROSH MOVEMENTS TO THE USER

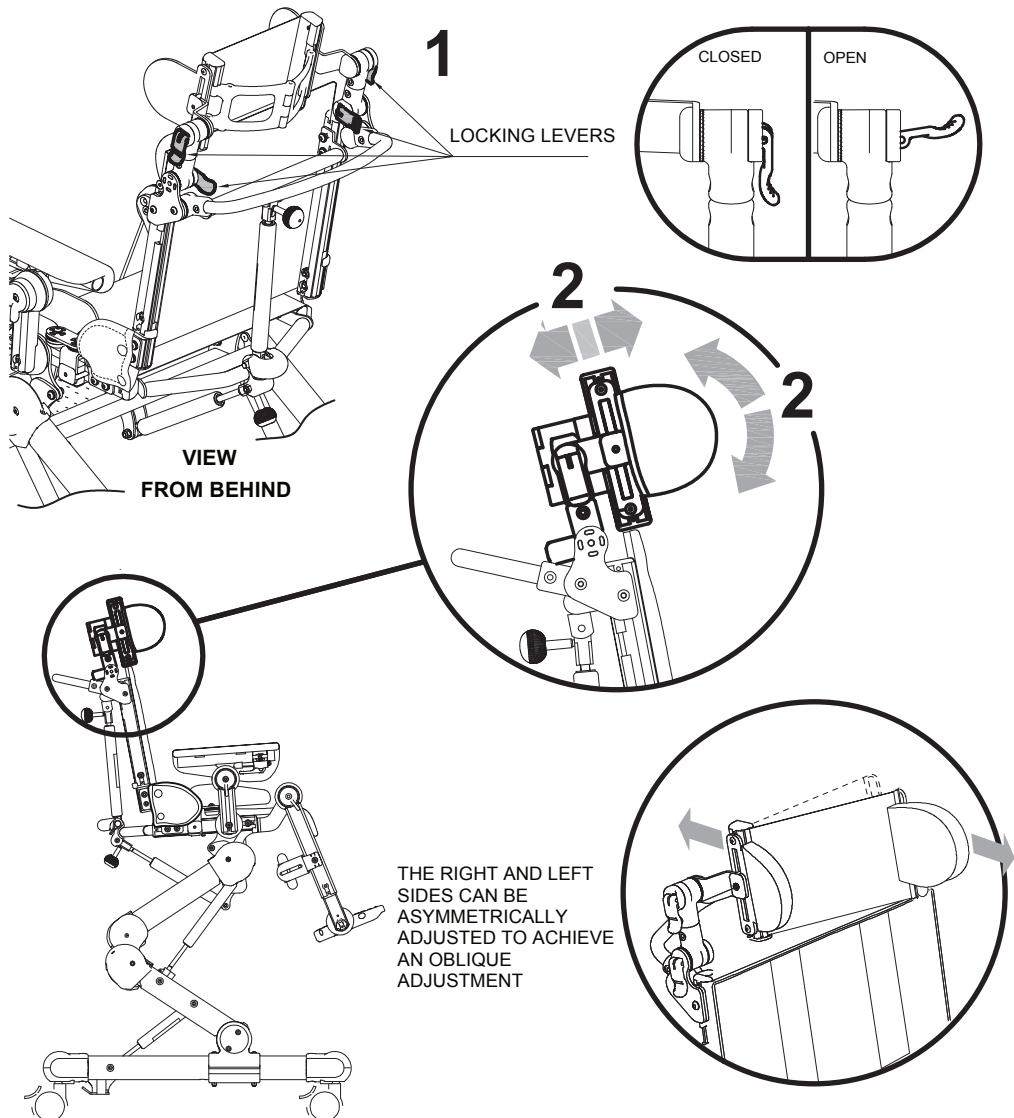

863 HEADREST ADJUSTMENT

A. INCLINATION AND DEPTH ADJUSTMENT

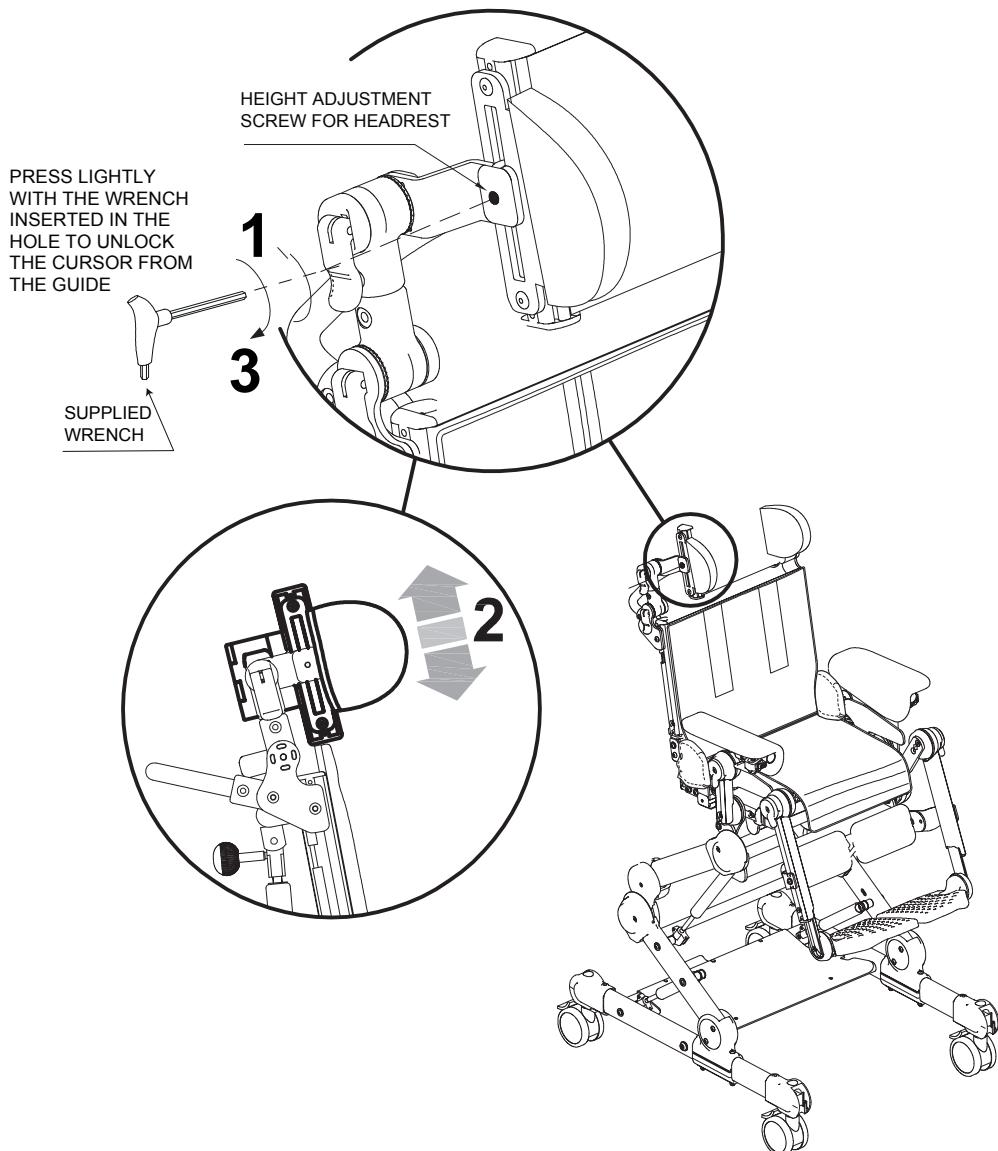

- 1) OPEN THE 4 LOCKING LEVERS
- 2) ADJUST THE INCLINATION AND DEPTH OF THE HEADREST
- 3) CLOSE THE LOCKING LEVERS

B. HEIGHT ADJUSTMENTS

- 1) LOOSEN THE SCREWS (BOTH SIDES)
- 2) ADJUST THE HEIGHT OF THE HEADREST
- 3) TIGHTEN THE SCREWS (BOTH SIDES)

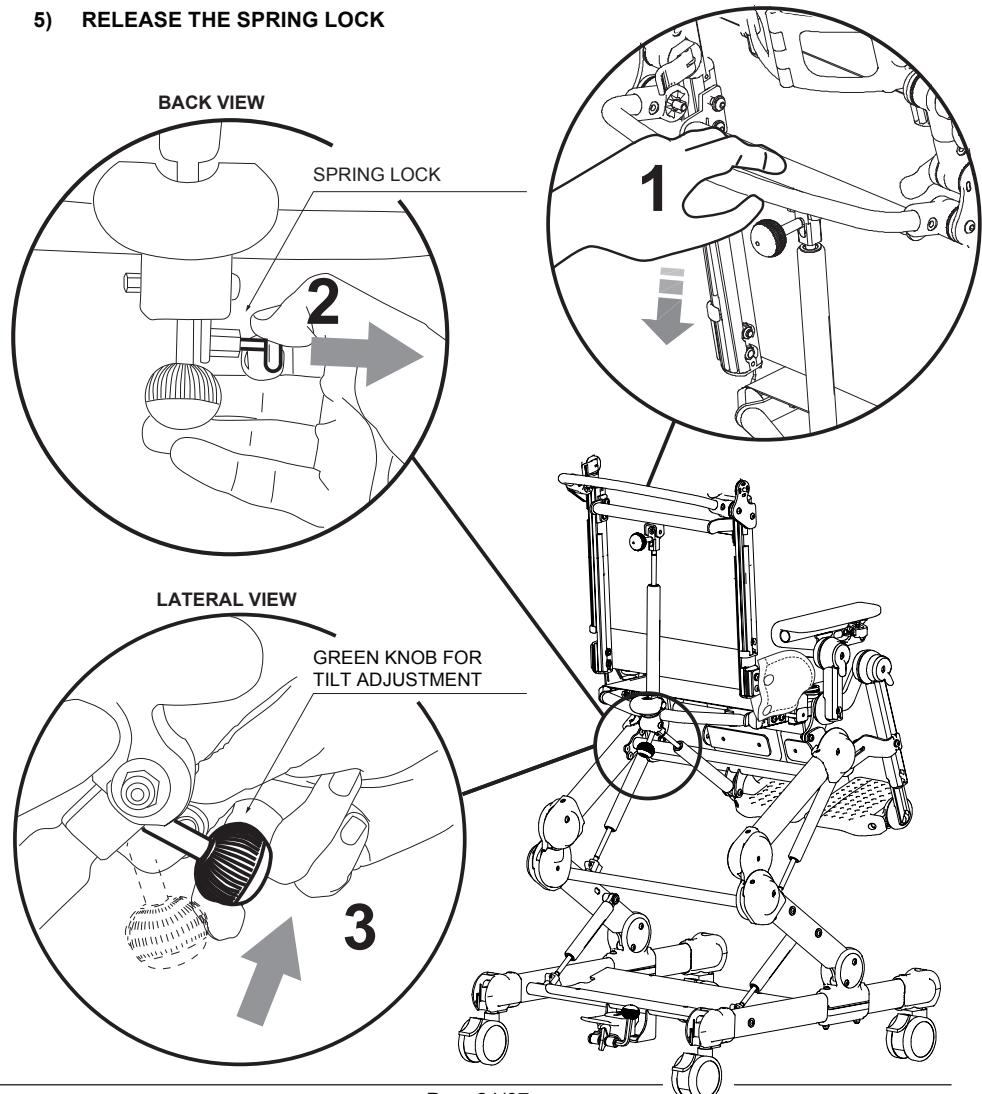

SEAT TILT ADJUSTMENT (TILT IN SPACE)

(video on the product page of the website www.ormesa.com)

- 1) PLACE YOUR HAND ON THE HANDLE
- 2) WITH YOUR OTHER HAND OPEN THE SPRING LOCK AND HOLDING IT OPEN
- 3) MOVE THE GREEN TILT ADJUSTMENT KNOB UPWARDS
- 4) TILT THE SEAT BY HOLDING PULLED THE KNOB (3) AND LET GO WHEN THE BASCULATION HAS REACHED THE DESIRED POSITION.
- 5) RELEASE THE SPRING LOCK

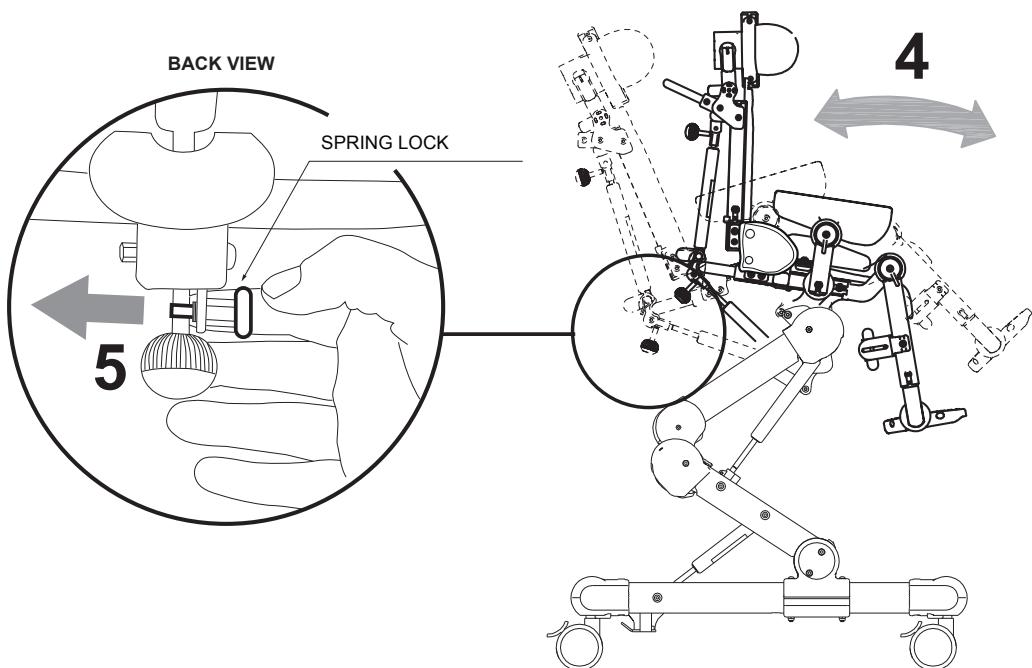

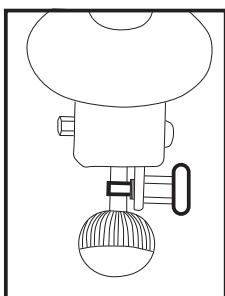

ATTENTION!

BEFORE ADJUSTING THE TILT OF THE SEAT WITH THE USER, MAKE SURE THAT THE BELT PROVIDED IS CORRECTLY ATTACHED, SO AS TO AVOID IT SLIDING FORWARD.

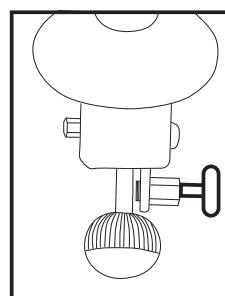

AVOID SUDDEN MOVEMENTS TO THE USER SEATED/POSITIONED

**LOCKED
SPRING LOCK**

**OPEN SPRING
LOCK**

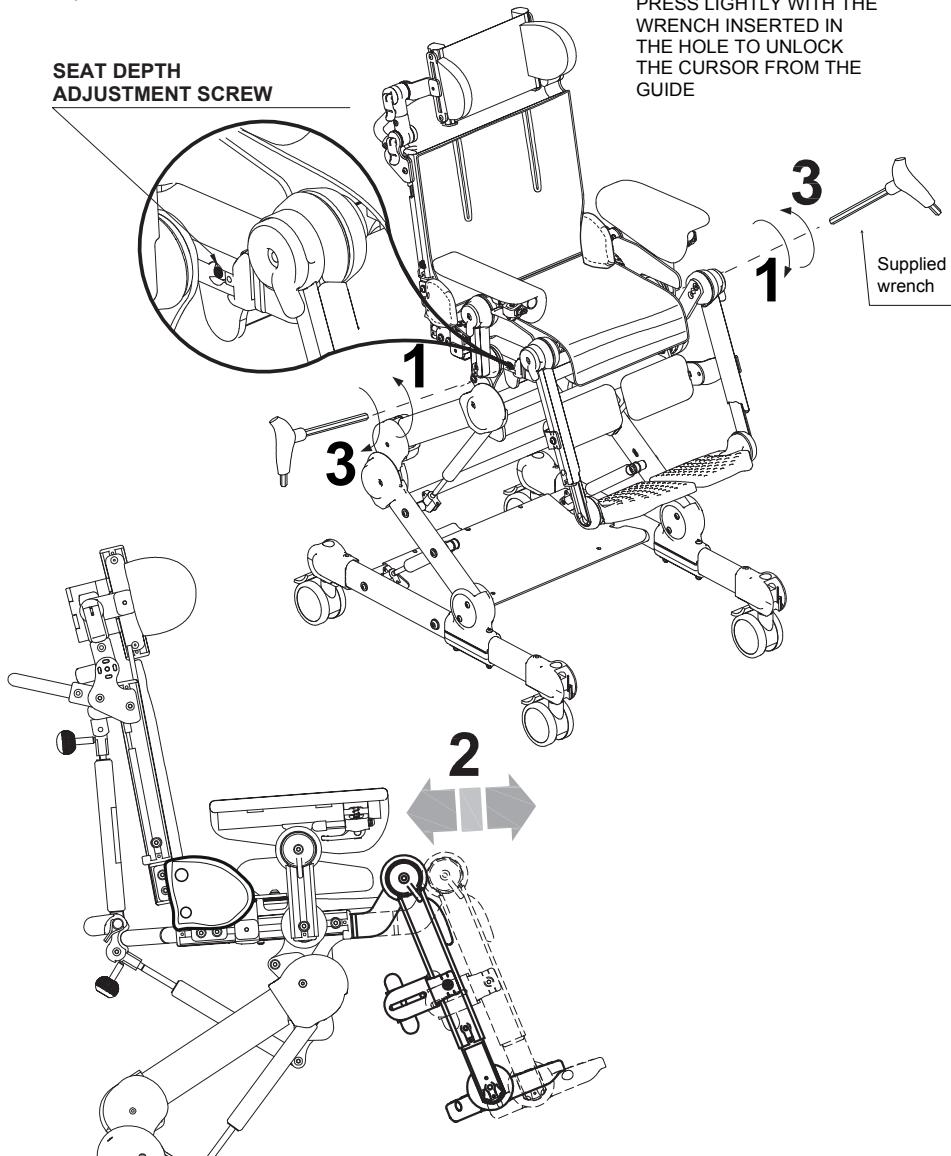

SEAT DEPTH ADJUSTMENT

(video on the product page of the website www.ormesa.com)

- 1) LOOSEN THE SCREWS
- 2) ADJUST THE DEPTH OF THE SEAT
- 3) TIGHTEN THE SCREWS

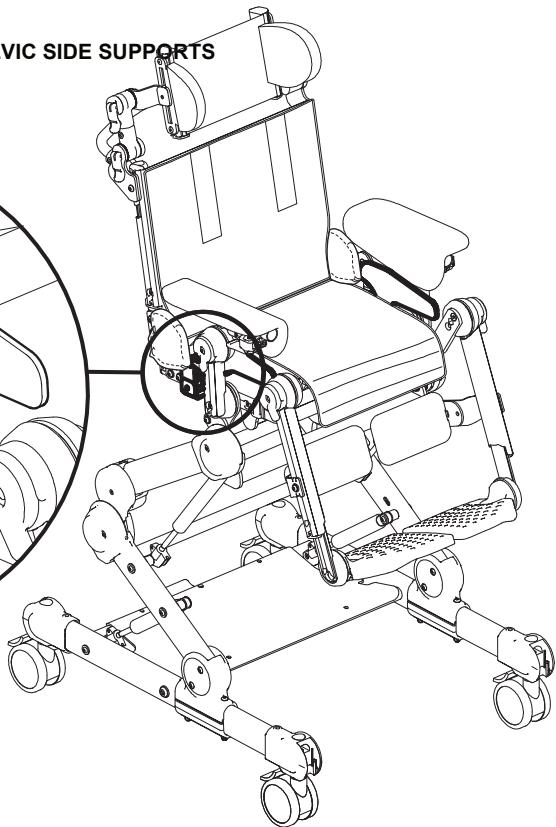

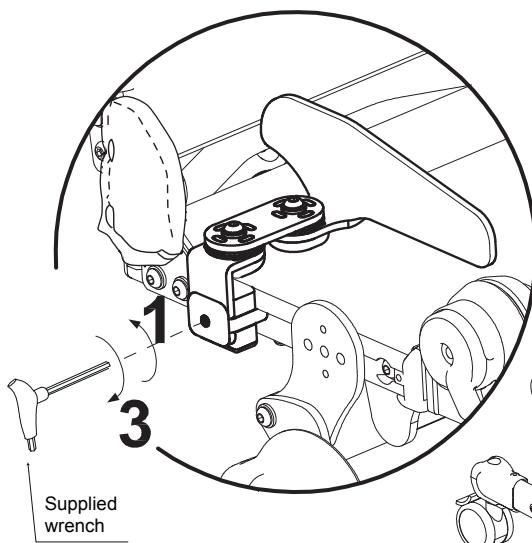

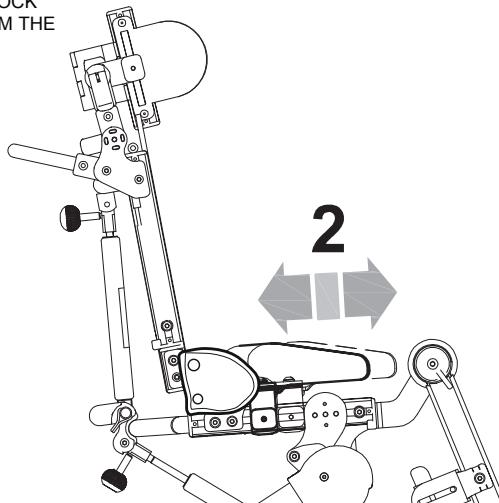

PELVIC SIDE SUPPORTS ADJUSTMENT

A. DEPTH ADJUSTMENT

- 1) LOOSEN THE SCREWS
- 2) ADJUST THE DEPTH OF THE PELVIC SIDE SUPPORTS
- 3) TIGHTEN THE SCREWS

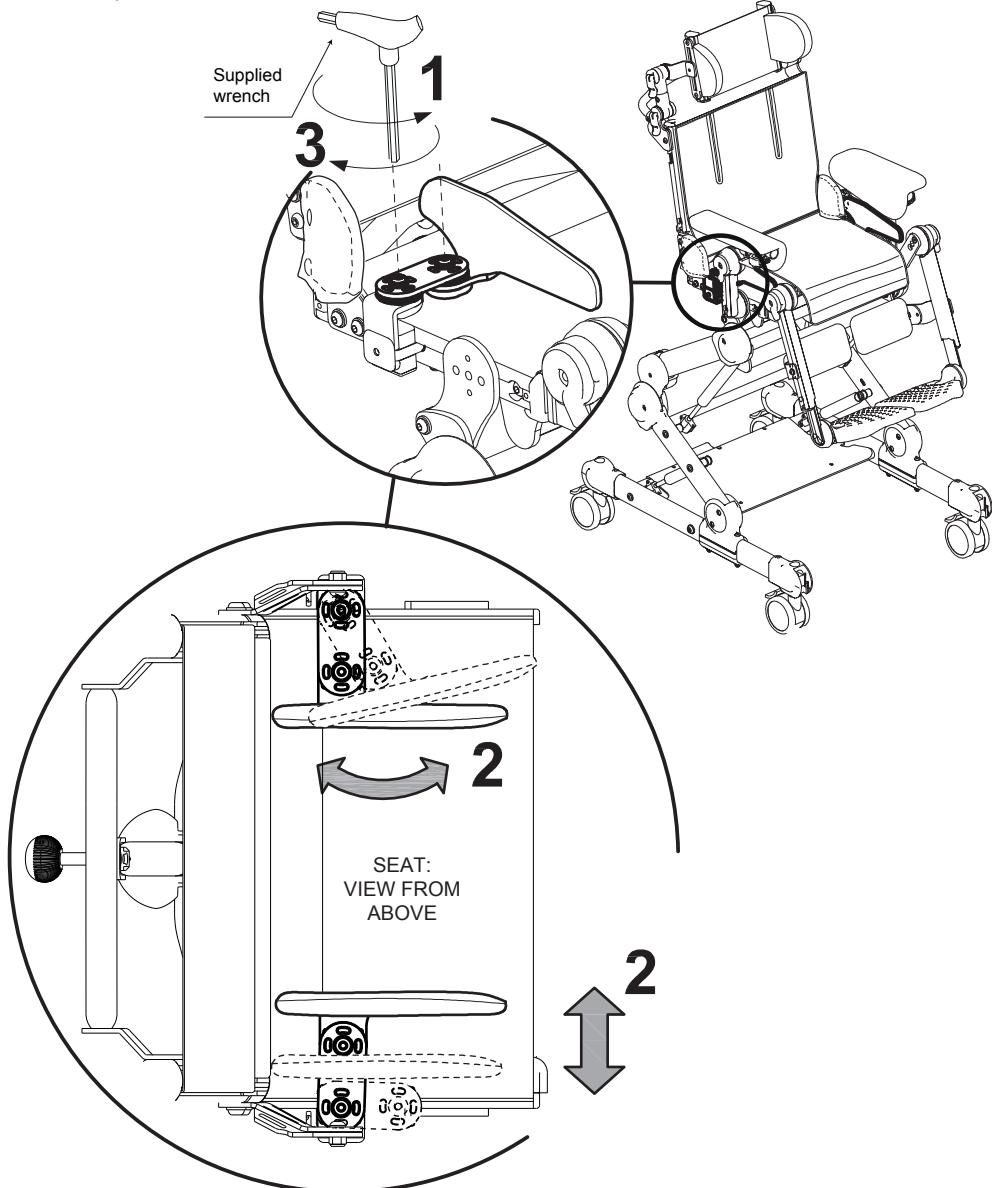

PRESS LIGHTLY WITH THE
WRENCH INSERTED IN
THE HOLE TO UNLOCK
THE CURSOR FROM THE
GUIDE

B. TILT AND WIDTH ADJUSTMENT

- 1) LOOSEN THE SCREWS
- 2) ADJUST THE SIDE SUPPORT IN TILT AND WIDTH
- 3) TIGHTEN THE SCREWS

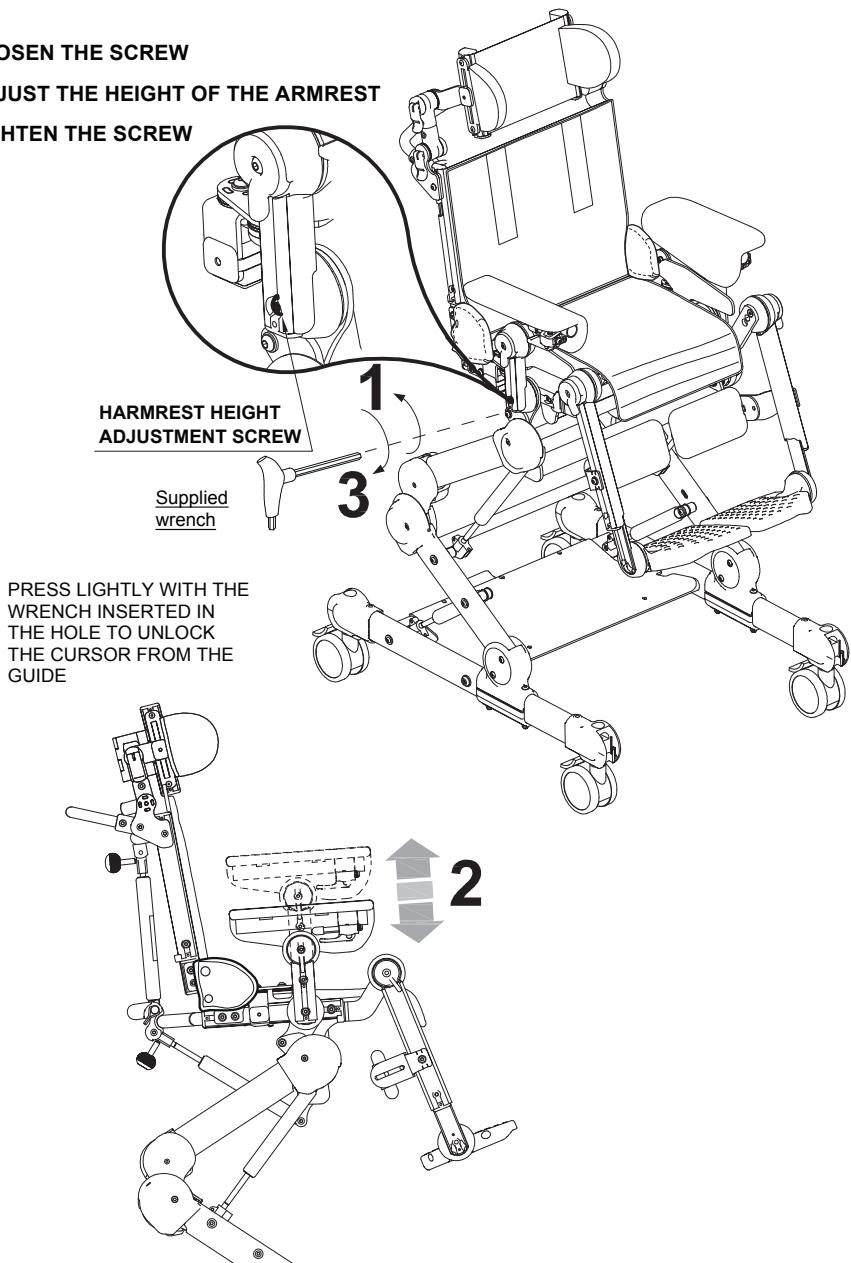

ARMREST ADJUSTMENT

A. HEIGHT ADJUSTMENT

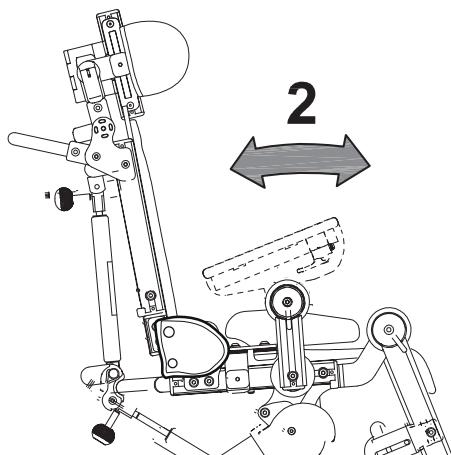

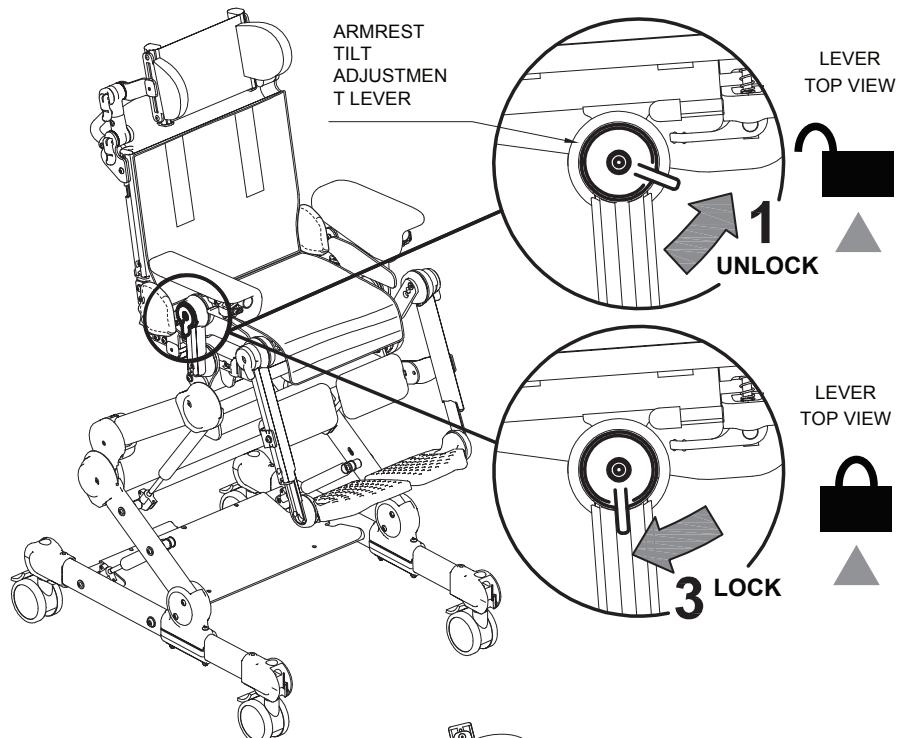

- 1) LOOSEN THE SCREW
- 2) ADJUST THE HEIGHT OF THE ARMREST
- 3) TIGHTEN THE SCREW

B. TILT ADJUSTMENT

- 1) TURN THE LEVER COUNTERCLOCKWISE TO RELEASE THE ARMREST
- 2) ADJUST THE ARMREST IN TILT
- 3) TURN THE LEVER CLOCKWISE TO LOCK IT

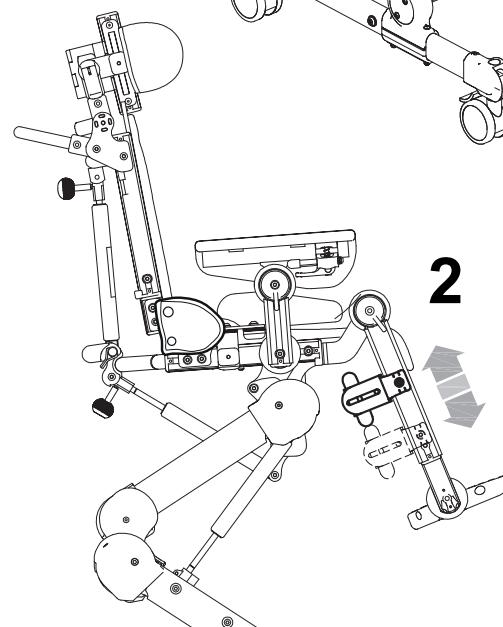

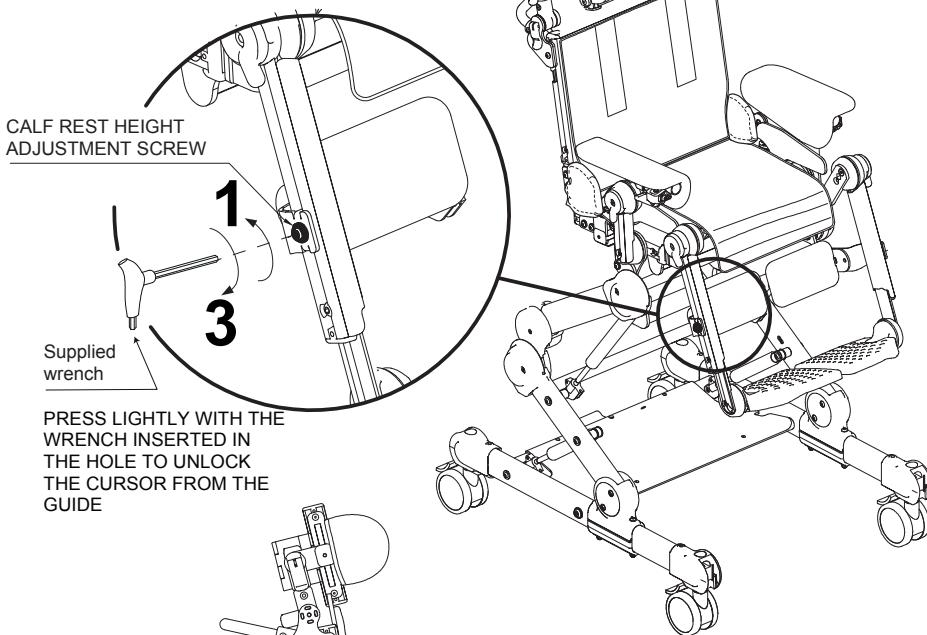

CALF RESTS ADJUSTMENT

A. HEIGHT ADJUSTMENT

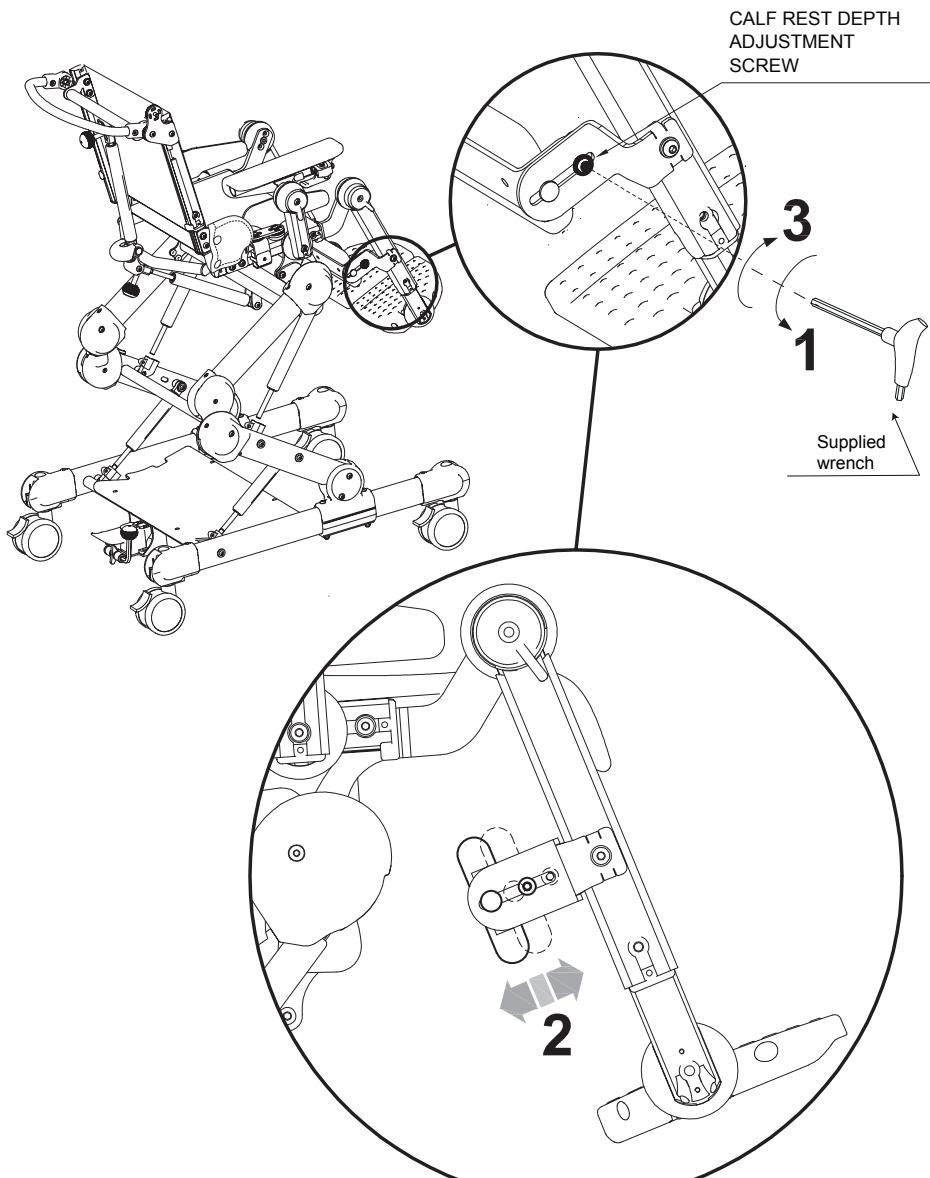

- 1) LOOSEN THE LATERAL SCREWS
- 2) ADJUST THE HEIGHT OF THE CALF RESTS
- 3) TIGHTEN THE SCREWS

B. DEPTH ADJUSTMENT

- 1) LOOSEN THE LATERAL SCREWS
- 2) ADJUST THE DEPTH OF THE CALF RESTS
- 3) TIGHTEN THE SCREWS

wrench

B. INSERTION AND FIXING

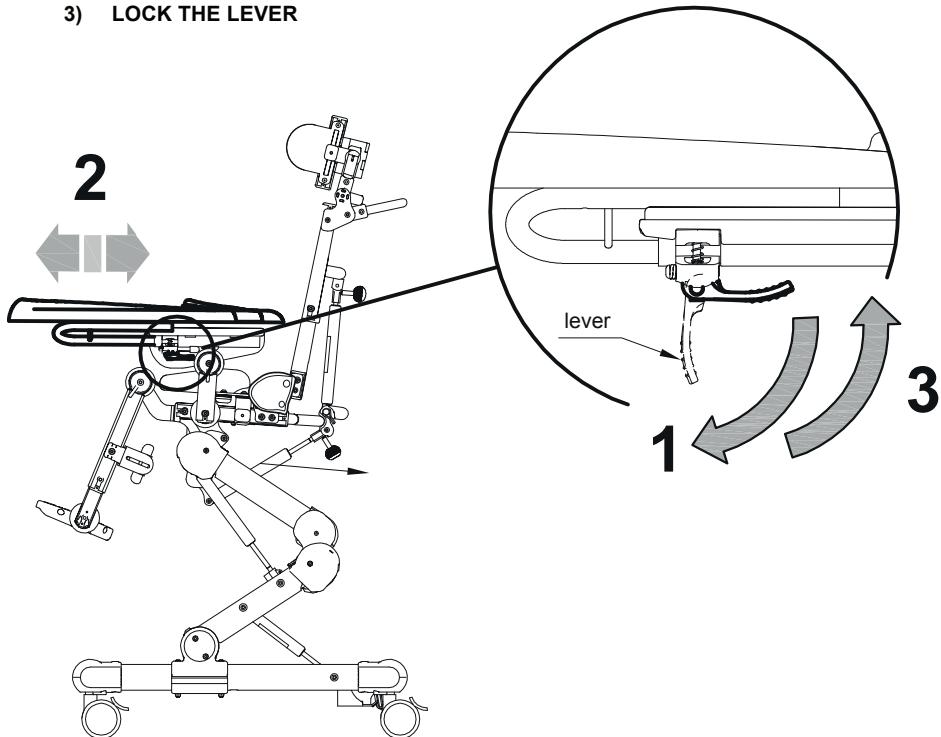

- 1) INSERT THE TRY SO THAT THE TOP IS HORIZONTAL
- 2) LOCK THE INDICATED LEVER

C. DEPTH ADJUSTMENT

- 1) OPEN THE LEVER
- 2) ADJUST THE DEPTH OF THE TRAY
- 3) LOCK THE LEVER

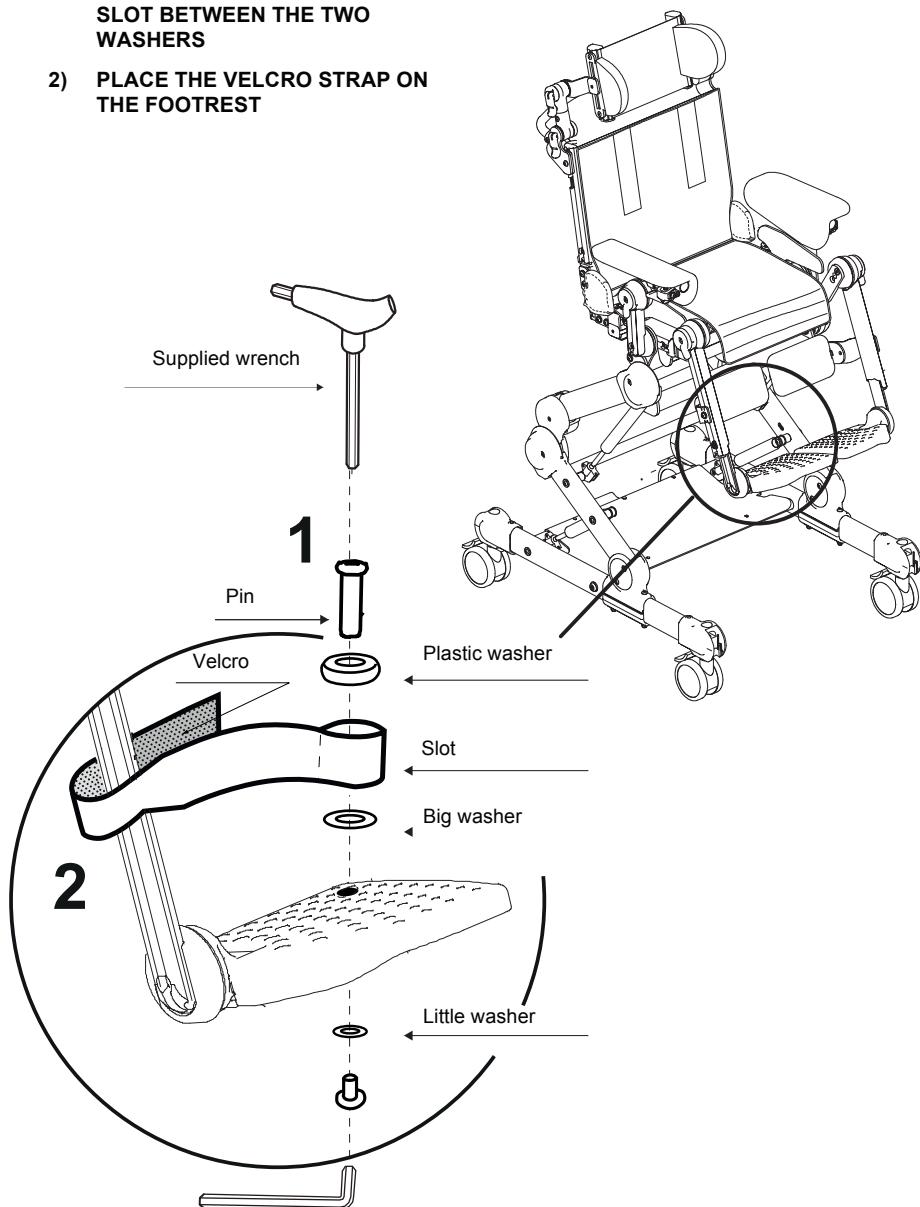

WARNING!
BEFORE CHANGING THE INCLINATION OF THE
SEAT (TILT-IN-SPACE) MAKE SURE THERE ARE
NO HOT OBJECTS OR LIQUID CONTAINERS ON
THE TRAY WHICH, BY SPILLING, COULD CAUSE
DAMAGE OR BURN TO THE USER.

HEEL RESTS 960

- 1) TIGHTEN THE PIN ON THE FOOTREST BY INSERTING THE SLOT BETWEEN THE TWO WASHERS
- 2) PLACE THE VELCRO STRAP ON THE FOOTREST

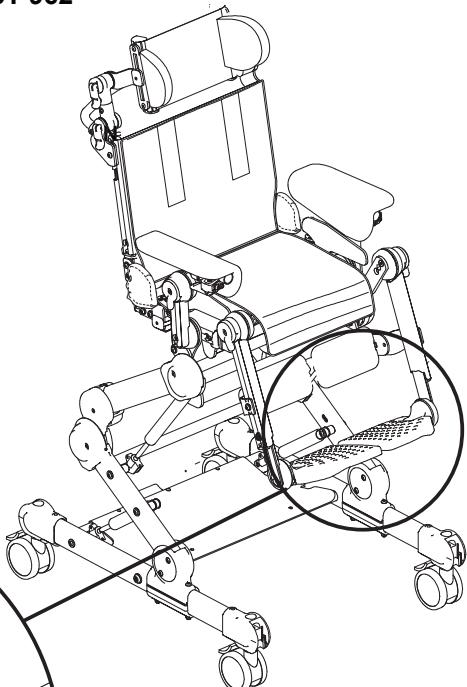

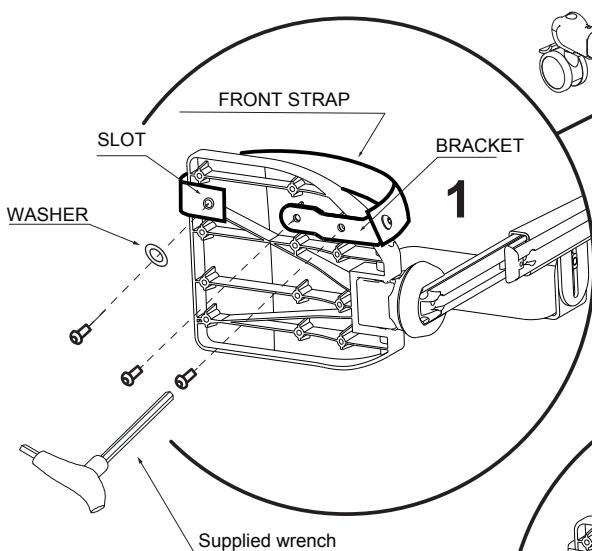

FRONT FOOT STRAPS AND HEEL REST 962

Adjustable by velcro

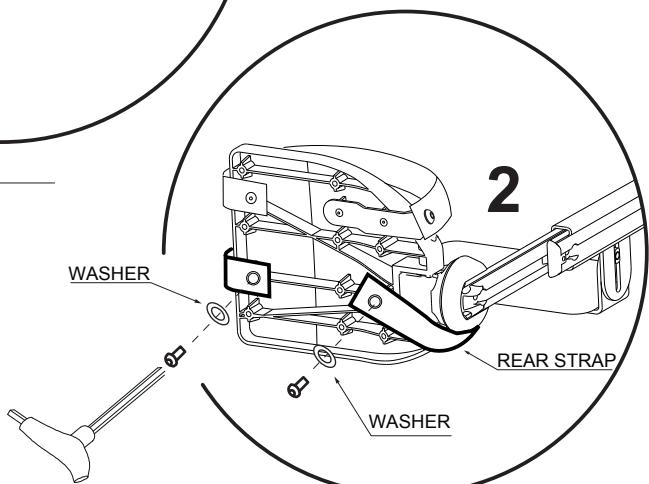

**ASSEMBLE THE HEEL RESTS AS ON
THE PREVIOUS PAGE**

- 1) ASSEMBLE THE FRONT STRAP
WITH THE BRACKET ON THE
OUTSIDE OF THE FOOTREST
AND THE SLOT ON THE INSIDE
- 2) FIX THE REAR STRAP

BELLOW VIEW

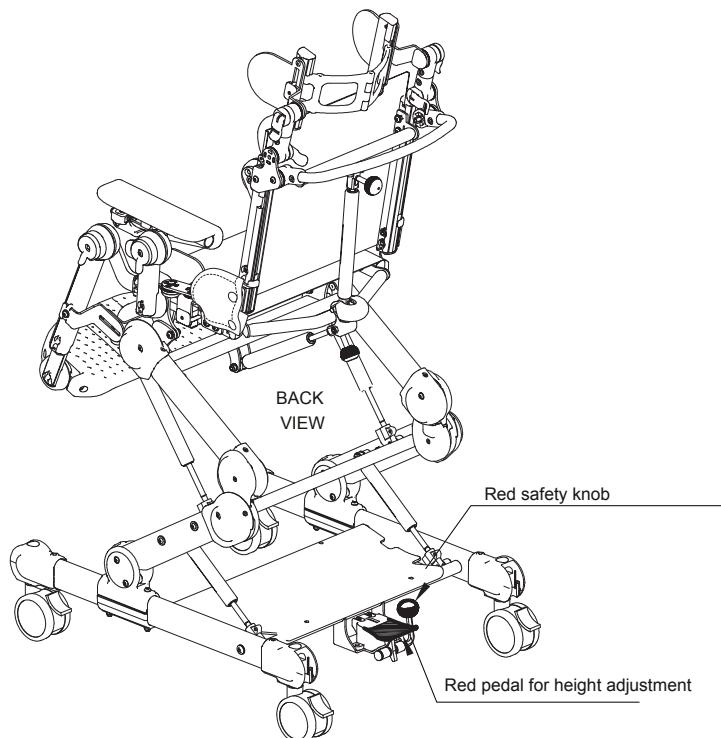

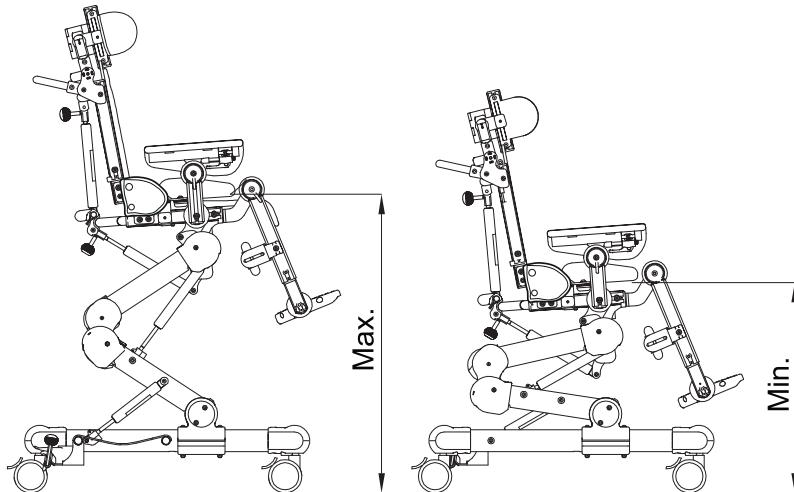

BELLOW VIEW

5.5 ISTRUCTIONS FOR DAILY USE by the family, or care giver

HEIGHT ADJUSTMENT

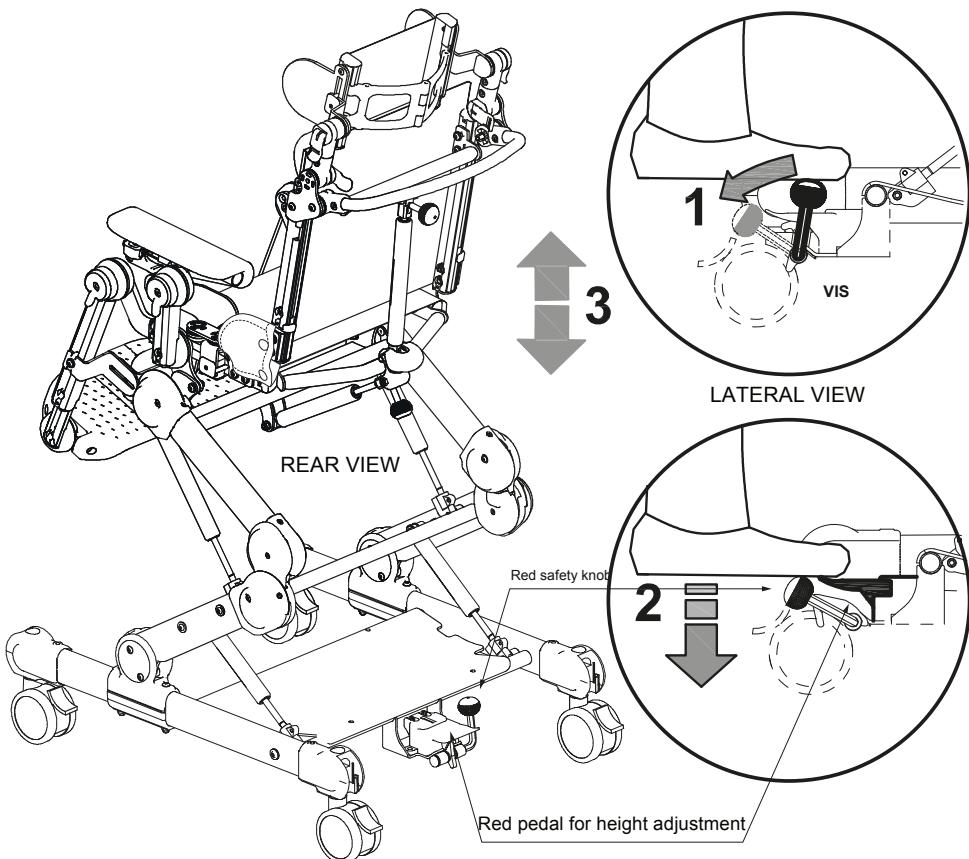

**WE RECOMMEND ADJUSTING THE HEIGHT WITH THE USER SITTING ON THE MEDICAL DEVICE
BECAUSE THE ADJUSTMENT IS MANAGED BY A GAS SPRING THAT SUPPORTS THE WEIGHT**

(video on the product page of the website www.ormesa.com)

- 1) PUSH THE SAFETY KNOB WITH YOUR FOOT
- 2) SIMULTANEOUSLY PRESS THE HEIGHT ADJUSTMENT PEDAL
- 3) ADJUST THE HEIGHT OF THE GRILLO ADAPTIVE SEATING TO THE DESIRED POSITION AND REMOVE THE FOOT FROM THE PEDAL

SEAT, BACKREST, LEG REST AND ARMRESTS TILT ADJUSTMENT

CAN BE CARRIED OUT BY THE FAMILY OR THE CARE GIVER AT THE DIRECTION OF THE HEALTH PROFESSIONAL.

see § 5.3

6. CLEANING AND DISINFECTION

Cleaning operations (and those of disinfection before reuse of the device with a new user) should be carried out regularly with the procedures and timelines outlined in § 6.3 by the family or care giver.

6.1 INFORMATION

SANIFICATION is the complex of cleaning and / or disinfection procedures and operations

The **CLEANING** is a physical and mechanical process (i.e., rubbing) with which a large part of potential pathogenic microorganisms (bacteria, fungus, or virus), further to the visible dirt, is removed from the surface.

The combination of mechanical action with other factors such as the use of detergents (chemical action), temperature and duration can efficiently and sufficiently reduce the microbial load of the product.

DISINFECTION, after cleaning and cleansing, further reduces the number of microorganisms on a surface and it eliminates pathogenic microorganisms, ie bacteria causing disease and viruses. Products that on the label bear the authorization / registration Number of the Ministry of Health or other competent authority of an EU member State. are "disinfectants". Each disinfection action must always be preceded by a cleaning and cleansing operation, since dirt reduces the activity of the disinfectant. DRYING is essential because microbial growth can occur in the residual aqueous film.

CHEMICAL PRODUCTS WITH VIRUCIDAL-GERMICIDAL-FUNGICIDAL EFFICACY are available on the market for hospital equipment. These products are effective in cold conditions, and they are able to perform the cleaning (elimination of dirt) and disinfection (elimination of pathogenic microorganisms, i.e. bacteria due to disease and viruses) in a single operation.

Removable **UPHOLSTERIES** of additional components are washable respecting the symbols on the label. Washing is an extraordinary sanitation measure Replace the **REMOVABLE UPHOLSTERY** and the **PADDING** when worn / difficult to sanitize.

LOAD-BEARING UPHOLSTERY not removable, is washable according to the instructions in paragraphs 6.3.1 and 6.3.2

6.2 WARNINGS

Read the **TECHNICAL SHEET** of the chemical product to verify that it is **suited** to be used on chrome plated/varnished surfaces and on plastic components in PVC, PA, PP and to test on a small surface to ensure that it does not damage the medical device.

For an **effective operation**, it is important to **RESPECT THE POSOLOGY** and **TIMES OFACTION** indicated on the product **LABEL**.

On **COVERS** avoid prolonged contact with acidic or basic solvents and cleaners; Do not use abrasive processes or products that may damage the product

Use the **PPE** (gloves, FFP mask, visor, etc...) required on the product **LABELP**

The operations of sanitization must be performed without the user inside the device. Do not use compressed air, which can cause aerosol and contamination of possible virus and bacteria in the environment and on his own person

During the Covid-19 epidemic, the contaminated PPE (gloves, gowns, glasses, masks, caps, etc...) must be **thrown away in the general waste bin**, unless otherwise indications by the belonging municipality

6.3 PROCEDURE

Activities	Cadence	Description
6.3.1 FRAME and UPHOLSTERY CLEANING and CLEANSING	daily or weekly based on intensity of use and biological risk (patient with particular sweating, salivation; pandemic or endemic emergency period eg Covid-19) Before disinfection	Soak a sponge or a clean disposable cloth (colorless and non-abrasive) with neutral detergent previously diluted in warm water (max. 40°). It is advisable to let the detergent act for a few minutes. Rub upholstery, frame, additional components and finally wheels. If necessary rub the surface with brushes having only soft bristles. Remove any traces of product by wiping with a clean damp sponge or cloth. Dry with a clean soft cloth. Proceed with any disinfection
6.3.2 DISINFECTION	Before Re-using the product with a new user	Spray a virucidal / germicidal / fungicidal chemical product for hospital equipment that is effective cold on a clean disposable cloth. Rub the upholstery, the frame and the clean accessories finally the wheels, until complete evaporation.
6.3.3 REMOVABLE UPHOLSTERY WASHING	Based on use	The REMOVABLE UPHOLSTERY of the seat and the additional components are washable respecting the indications given in the washing labels (see page 8 for the description of the symbols). For an ANTVIRAL DISINFECTANT action, a SPECIFIC CHEMICAL PRODUCT can be added to the normal washing cycle; washing at a high temperature (60 ° C) is possible as long as occasionally, as the upholstery may wear out.
6.3.4 SANIFICATION WITH PERCARBONATE	Based on use	The percarbonate is a natural product of mineral origin that is commercially available; when dissolved in water, it releases active oxygen already at 30 ° with disinfectant, antibiotic and antibacterial action. For a sanitizing action during the cleaning of the frame and the washing of the harness and removable upholsteries, you can add 1 teaspoon of percarbonate > 30% to the detergent: - In the washing machine: add 1 teaspoon of percarbonate in the drum together with the detergent. - By hand/ for the frame cleaning: dissolve 1 teaspoon of percarbonate in the bowl together with the detergent, proceed with the washing, and cleansing. WARNING! When washing / cleaning the fabric it is recommended not to mix sodium percarbonate with acids (for example: Vinegar, Lemon), as it could create chemical reactions that could damage it.

7. ORDINARY AND EXTRAORDINARY MAINTENANCE

The execution of all maintenance operations is necessary to maintain the correct functionality and safety of the medical device.

If in doubt about the safety or damage of the product, cease use and contact the orthopedic workshop that supplied the product, or ORMESA.

7.1 ORDINARY MAINTENANCE OPERATIONS (monthly)

Routine periodic checks and maintenance should be carried out by a person with good technical competence; otherwise contact the health professional who provided it, or company specializing in maintenance.

 Maintenance and replacement of parts or additional components must be carried out without the user sitting in the stroller

 Intensify all checks in marine environments, clean more often, anoint the parts exposed to salt corrosion (such as chrome, bolts and screws).

PART	DESCRIPTION / INTERVENTION	MODE
WHEELS	<ul style="list-style-type: none">▪ Remove any dust and dirt from the wheels to maintain smoothness and braking efficiency.▪ Check that the wheels turn freely. <p>If unsuccessful, contact the health professional who provided it or distributor for replacement with an original component.</p>	functional/visual test
BRAKES	<ul style="list-style-type: none">▪ Check the efficiency of the braking system and the operation of the relative mechanisms as reported in the user manual. <p>If unsuccessful, contact the health professional who provided it, for replacement with an original component.</p>	functional test
BOLTS / SCREWS	<ul style="list-style-type: none">▪ Check the tightness of all bolts and screws; especially those on the hinges of the backrest recline and seat basculation <p>Tighten them if loose.</p>	Visual/tools
BACKREST / SEAT	<ul style="list-style-type: none">▪ Check for any visible damage or deterioration of the SUPPORTING UPHOLSTERY. <p>If unsuccessful, discontinue use and contact the health professional who provided it, for replacement with an original component.</p>	visual
ADJUSTING MECHANISMS	<ul style="list-style-type: none">▪ check the smooth operation of the MOVING PARTS and keep them clean from dust and dirt in order to avoid friction that could compromise correct functioning.▪ If unsuccessful, lubricate them with commercial silicone dry oil following the instructions on the container label. After lubrication, fully dry the treated parts using a soft cloth to remove any residual grease	functional/visual test

	<ul style="list-style-type: none">▪ Check the tightness of the adjustment mechanisms. If unsuccessful, contact the health professional who provided it, or distributor for replacement with an original component. <p>In case you have encountered an inefficiency in TIGHTENING of the ADJUSTMENT LOCKING LEVERS of the ARMREST, LEGREST, HEADREST, TABLE, discontinue use and contact the health professional who provided it, to register the levers as described in the following § "ADJUSTMENT LOCKING LEVERS".</p>	
PRODUCT INTEGRITY	<ul style="list-style-type: none">▪ Check the presence of all parts and components described in the manual.▪ Check the frame and ensure the absence of oxidised parts as well as the uniformity of the paint work on the support or tightening elements. If unsuccessful, contact your health professional who provided it, for replacement with an original component.	Visual/tools

REGISTRATION OF ADJUSTMENT LOCKING LEVER

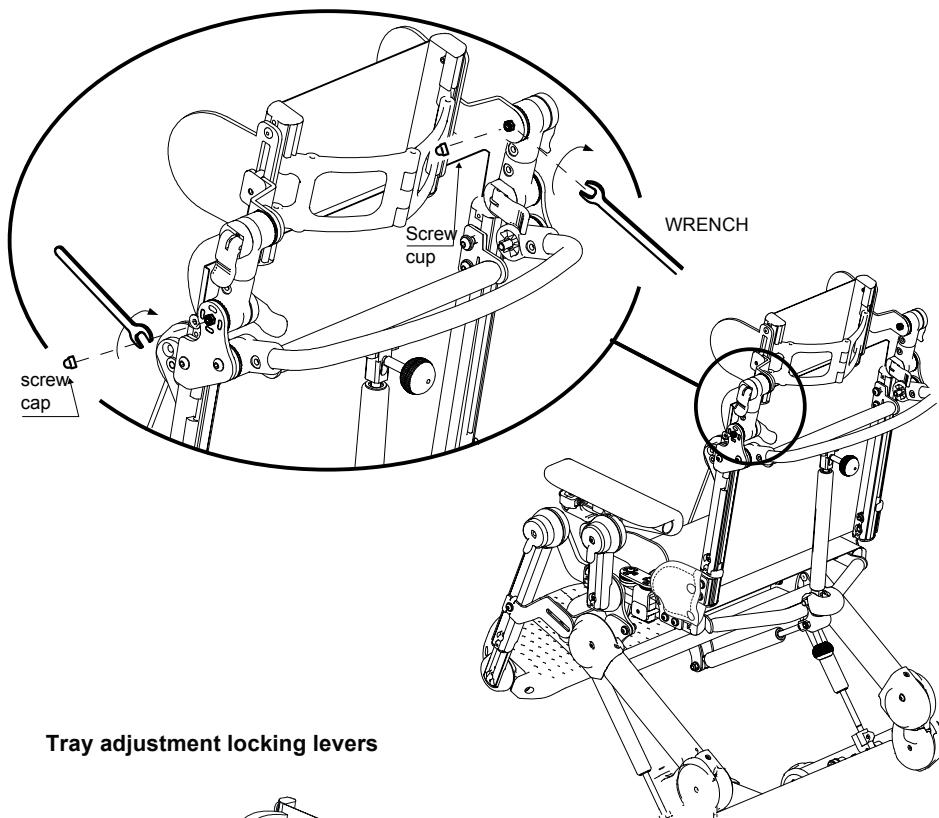

Adjust nuts and screws in small increments until proper tightness is restored

Armrest and leg rest adjustment locking levers

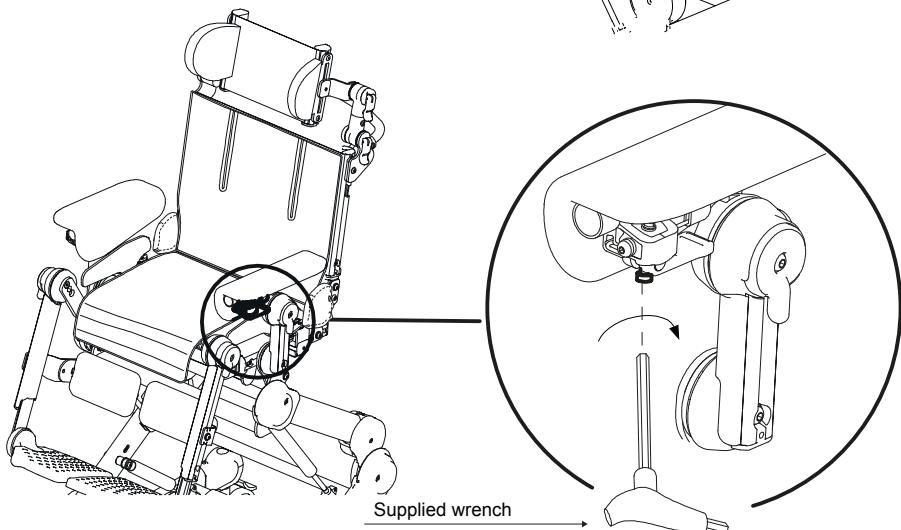

Headrest adjustment locking lever

Tray adjustment locking levers

7.2 PREVENTIVE MAINTENANCE OPERATIONS (biennial)

The Manufacturer recommends a COMPLETE REVIEW of the product, in order to verify it according to the specific use and to maintain the initial performances for all its lifetime.

This activity can be carried out by the health professional who supplied the product or by an SERVICE CENTER , specialized in the maintenance of mechanical aids for people with disabilities and includes:

- 1) The general verification of the product, the integrity of the components and the locking of the mechanical parts, the smoothness of the moving parts
- 2) Performance verifications
- 3) The possible interventions aimed to restore the correct functionality
- 4) Mechanical control (in case of mechanical repairs)
- 5) Sanitization

The person who performed the maintenance is required to issue A REPORT WITH THE EVIDENCE OF THE INTERVENTIONS (VERIFICATIONS, REPAIRS, CONTROLS, SANITIZATIONS)

7.3 PEZZI DI RICAMBIO E PRODOTTI DI CONSUMO

If you require service or spare parts, contact only the health professional who supplied the product.

7.4 EXTRAORDINARY OR CORRECTIVE MAINTENANCE OPERATIONS

EXTRAORDINARY MAINTENANCE are all operations done on the product other than regular or preventive maintenance (mentioned above).

Extraordinary maintenance must be carried out by the health professional who supplied the product or by another subject indicated by the Manufacturer or the Distributor of the ORMESA products in the country of destination.

The interventions must be performed with ORIGINAL REPLACEMENTS PARTS of the manufacturer

Modifications of the product ARE NOT ALLOWED, except for those of possible configurations provided on the brochure

For each maintenance work, the following must be performed:

- 1) The general verification of the product, the integrity of the components and the locking of the mechanical parts, the smoothness of the moving parts
- 2) 2. Performance verifications
- 3) 3. Mechanical control (in case of mechanical repairs)
- 4) 4. Sanitization

THE MANUFACTURER or the AUTHORIZED PARTY must issue A REPORT WITH EVIDENCE OF THE INTERVENTIONS (CHECKS, REPAIRS, TESTS, SANITATION) CARRIED OUT

8. LIFE SPAN AND CONDITIONS FOR REUSE

Granted that Ormesa products should be selected, evaluated and ordered for the needs of an individual user, reuse is however possible with the respect of the following conditions.

Based on the experience of other similar sold models, on technological progress, on the guarantees of the Quality Management System certificated in 1998 according to ISO 13485, there is adequate confidence that the **average lifespan of GRILLO ADAPTIVE SEATING is about 5 years, on condition that it is used according to the directions given in the user manual.**

Only when the conditions for storage and transport of chapter HOW TO STORE AND TRANSPORT THE MEDICAL DEVICE" are followed, the periods in which the product is stored at the health professional, should not be considered in that time period

Factors unrelated to the product such as the development of the user, its diseases, the use and the surrounding environment can make significantly lower the duration of life of the product; on the contrary, if the indications on the use and maintenance are properly observed, the reliability of the product can extend well beyond the lifetime average above.

Prior to recycling or reassignment an already used Ormesa product, it is required that:

1. a doctor or therapist verifies that the medical device is appropriate and adequate to meet the dimensional, functional and postural needs of the new user, and if all its components are suitable / appropriate for him. You should also consider that the CE-marking and the manufacturer's responsibility for safety requirements for the product remain only if the original product still has not changed and only original accessories or spare parts have been applied
2. qualified technical personnel of a company specialized in the maintenance of technical aids for disabled people performs a detailed technical inspection to verify its condition and wear, the absence of any damage and failure of all components / adjustments, the presence of the user's manual, of the label with the date and serial number. A copy of the manual and maintenance may be always requested to the retailer that supplied the product or directly to Ormesa
3. The product has been thoroughly cleaned and disinfected following the directions given in the "MAINTENANCE, CLEANING AND DISINFECTION" Chapter

We recommend to keep written records on all inspections performed on the product before any assignment to the new user.

In case of doubt about the safety of the product or damage to parts or components, you are urged to immediately discontinue use and contact the Health Professional who supplied you with the product; the Distributor or the Manufacturer are at your disposal for any further doubt or assistance.

9. END-OF-LIFE MANAGEMENT OF THE MEDICAL DEVICE

9.1 USER OBLIGATIONS

Comply with applicable local regulations and do not dispose of old products in normal household waste but separately in appropriate collection places.

Proper disposal of the product helps to avoid possible negative environmental and human health consequences. A benefit to the environment for the benefit of all.

9.2 END-OF-LIFE DISPOSAL

The aluminum frame can be delivered to licensed recyclers.

Wheels and upholstery are composite components, therefore non-hazardous special waste to be sent to the 'ecological island in your city.'
